10. Cllr Ford has requested:
  1. Council be given an update on the storage situation for the old chambers furniture. At the time of the agenda no update has been received, the challenge to the breach of agreement has not been acknowledged and it remains that Asset Management are still stating if furniture not removed to a non council property by the end of October then it will be destroyed. This stance is still being actively challenged via the CEO's office and further update will be given at the meeting should there be one. However Councillors should propose worked up alternative solutions for the council to consider at this meeting.
